## HOW TO ASSEMBLE AND USE INVEMASK Face Protective Mask

Top View of Assembled Face Shield

To assemble the face shield you need:

1 Face protector

1 Front band

**Step 1:** Place both ends of the front strap into the front adjustment slots on the mask. This will help keep the face shield away from the face.

**Step 2:** Wrap the adjustment strap around your head to measure which groove fits, you can cut or bend the excess strap if necessary.
